Minister's Message

Someone has said, "The more things change, the more they stay the same." One of the most beautiful aspects of the Lord's church is that it adheres to the same precepts and principles that were established beginning on the Day of Pentecost. Those first pioneers of the gospel; Paul, Peter, John, etc., inspired of God, laid out exactly what God intended and required that the church should be for all time to come.

In this age of "modernism", many take it upon themselves to improve and revise the worship, the plan of salvation, the doctrine, even the concept of Christianity itself. It is incumbent upon the church at Mt. Zion to continue to walk in the faith, not only as our fore-fathers did when this congregation was established in 1852, but even as they walked in the first century.

Let us keep on preaching the gospel, exhorting the brethren, helping the weak and unfortunate, and shining the light of Christ in a world still dark with all the improvements, revisions, and modernization that mortal man has given it. Long live the church at Mt. Zion!
