

OLDEST EXISTING STRUCTURES

Below are listed the known extant Churches of Christ that are meeting in structures constructed at least 100 years ago. Some buildings have been added onto or modernized while others appear almost exactly as they did when they were first erected. It is hoped that this information will prove to be useful to those who are interested in the various historical aspects of Church of Christ congregations. Each has an intriguing story; several are quite fascinating.

Congregation	City	State	Year Constructed
South Harpeth Church of Christ	Nashville	TN	1834
